## 1. INTRODUCTION

New Academy School (NAS) is committed to meet the educational needs and raise the achievement of ALL STUDENTS. The school recognizes that all learners are not the same i.e. **Students of Determination** may require supplementary support to fulfill their potential and those who are **Gifted and Talented** may need accelerated learning/enhancement programs.

The school's actions are in line with the United Arab Emirates (UAE) government's *legal and statutory requirements concerning the rights and protection of ALL STUDENTS. These are stated in the following nation's educational agendas, priorities and frameworks and are in line with the requirements of the bodies which are responsible for ensuring and maintaining high quality education in Dubai's private schools.*

- UAE Government Executive Council, 2017

<b>Article 4, 14</b>	<b>Article 13, 16</b>	<b>Article 13, 17</b>	<b>Article 13, 19</b>	<b>Article 23, 04</b>

- *Knowledge and Human Development Authority (KHDA) STANDARDS*

### 1.2. New Academy School Inclusion Section Vision Statement

NAS community inspires a passion for learning, where students can achieve their fullest potential and become responsible and productive global citizens and ambassadors of their own cultures. NAS promotes **success for all students** through strong and effective partnerships with all stakeholders.

The teaching and supporting of students with special educational needs and abilities is thus a whole school responsibility and requires effective communication, and collaboration between all stakeholders to ensure success.

## **2. DEFINITIONS**

### **2.1. Inclusive Education**

Inclusive education is an ongoing process where every child has the right to a good education. It is concerned with breaking down barriers to learning and increasing the participation of children in school. (The UN Convention on the Rights of Persons with Disabilities, 2006)

At NAS there are significant categories of students of included students, which include students with determination, those that are gifted and talented and students the additional language learners.

### **2.1. Special Education Needs and Disability (SEND)**

The term 'special educational needs' is used to describe the educational needs of any one with a disability, disorder, difficulty, impairment, exceptionality or any other factor that may affect a student's access to learning and educational performance. (United Arab Emirates Government, 2018)

(The categories of SEND are outlined in Section 4)

### **2.2. Persons of Determination**

Persons of determination are those with attributes of special education needs and disabilities as reflected by their strength of character and their perseverance. (His Highness Sheikh Mohammed bin Rashid Al Maktoum: Dubai Inclusive Education Policy Framework, 2017)

### **2.3. Gifted and Talented (G & T)**

These are students who are in possession of untrained and spontaneously-expressed exceptional natural ability in one or more domains of human ability. (Differentiation Model of Giftedness and Talent, 2013)

At NAS these are those who demonstrated uncommonly high potential knowledge and/or skills in one or more academic or non-academic endeavors which include abilities in P.E, Art, Music and ICT. (The categories of G&T are outlined in Section 4)

## **3. INCLUSIVE EDUCATION AT NAS**

### **3.1. Inclusion Statement**

At New Academy School, we are committed to the provision and facilitation of effective learning opportunities, suitable learning environments and challenging and stimulating curriculum provisions for all students. All students are equally valued, and all staff strive to provide for the

individual needs of students in a way that recognizes their specific talents, individualized learning styles, backgrounds, and culture. It is thus our aim to overcome potential barriers to learning, to provide quality education for all.

Specifically, the three main principles of inclusion at NAS are:

- . Identifying and responding to student's diverse needs.
- . Overcoming potential barriers to learning.
- . Setting suitable learning challenges.
- . Ensure positive impact on student's progress.

### **3.2. Implementation of Inclusion**

At New Academy School, we **aim** to meet the standards needed for the students of determination which are in line with the Dubai Inclusive Education Framework.

- **Identification and early intervention**

Utilizing formal and informal methods of assessments to accurately identify students and using the information to inform of the best intervention which will accelerate learning, progress and development.

- **Admission, participation and equity**

NAS adopts an equitable approach to admissions and welcomes all students seeking admission. All admission requests will be entertained and accepted. Admission into all educational settings, including early years, will not be conditional upon the submission of a medical diagnosis.

- **Leadership and Accountability**

The school governance and leadership will be effective in empowering all stakeholders to develop the attitudes, approaches and strategies that build the expertise and culture where students are welcomed, accepted, valued and well-prepared for their next stages of development.

- **System of support for Inclusive Education**

Ensure high quality support by providing robust systems of support for students and teachers and ensuring quality by setting appropriate targets, providing high quality teaching, providing alternative curriculum pathways and using diverse assessment strategies.

- **Special Education Needs as a Resource for Inclusive Education**

Establish strong ties with external multi-disciplinary experts via collaboration and or contractual agreements so as to obtain specialist knowledge of SEND.

- **Cooperation, Coordination and Partnership**

Involve all key stakeholders including parents, students and all school staff to work together to ensure all students particularly students with determination are given adequate provisions, accommodations and services they need.

- **Fostering a Culture of Inclusion**

Ensuring there is progress in the development of attitudes, behaviors, systems and beliefs that enable inclusive education to become a norm which underpins school culture and is reflected in attitudinal, organizational and pedagogical discussion and decisions.

- **Monitoring evaluating and reporting**

Utilizing a common evaluation framework to monitor, evaluate and report on the quality of inclusive educational provision and related impact on the outcomes for students who experience SEND.

- **Resourcing for Inclusive Education**

Ensuring there is sufficient school budget that allows for the procurement of resources and payment of staff and for Continued Professional Development (CPD) for the success of the implementation of an Inclusive Education as well as ensuring that the facilities comply with the Dubai Universal Accessibility Code.

- **Vocational Training, Higher and post –School Employment**

Work on the development and organization of post-secondary learning pathways to employment and further or higher education for students who experience SEND to enable them to actively participate in the labor market and society in general.

#### **4. CATEGORIES OF DISABILITY AND BARRIERS TO LEARNING**

##### **4.1. DSIB SOD categories (2019)**

There are 4 barriers listed by KHDA and students who have been identified and or diagnosed with a need are listed on the Inclusion Register. However, in the absence of a formal diagnosis NAS does not restrict a student's access to support. A student may be identified with more than one category of need, therefore; the need which presents the greatest barrier to learning in school becomes the primary need and additional needs are secondary.

**Table 1: Categories of disability and barriers to learning**

<b>Common barriers to learning</b>	<b>Categories of disability</b> (aligned with the UAE unified categorization of disability)
Cognition and learning	1. Intellectual disability (1 including Intellectual disability - unspecified) 2. Specific learning disorders 3. Multiple disabilities 4. Developmental delay (younger than five years of age)
Communication and interaction	5. Communication and interaction 6. Communication disorders 6. Autism spectrum disorders
Social, emotional and mental health	7. Attention Deficit Hyperactivity disorder 8. Psycho - emotional disorders.
Physical, sensory and medical	9. Sensory impairment 10. Deaf-blind disability 11. Physical disability 12. Chronic or acute medical conditions

#### **4.2. Gifted and Talented Categories**

Provisions are in place to accelerate the skills for students with abilities in the following:

- Cognitive Reasoning Abilities: *Verbal, Non Verbal, Quantitative and Spatial. (See - Table 2)*
- Academics Performers: *Science, Math and English*
- Visual and Performance Skills: *Art, Music, Physical Education and Information Technology.*

##### **4.2.1. Identification and Screening for Gifted and talented**

Students are screened for abilities using parents’ and teacher’s observations, informal/formal checklists, semester summative assessments and GL CAT4 exams.

**Cognitive:** CAT 4 has batteries which determine different cognitive abilities. Grade 3 to 12 students are identified by the GL CAT4 tests based on scores of 120 and above in the cognitive area.

*As per GL CAT4 assessment, students who score above 120 and above on the 4 batteries are considered exceptionally gifted and talented.*

*If NAS analyzed data does not fulfill this requirement potential cognitive gifted and talented are identified as those scoring 15 scores beyond the school mean scores.*

**Academic Achievers:** The students’ internal assessments are analyzed and those obtaining 90 percent or higher in the exams are listed as potential distinguished academic achievers.

**Visual and Performance Skills:** At Tier 1 teachers closely identify students skilled in Art, PE, Music and ICT. The CAT 4 aptitude tests are examined to identify students with potential in the non-academic subjects. These may be students who are underperforming and the purpose is to harness the hidden skills.

#### **4.2.2. Support for Gifted and Talented**

Strategies are shared by the Inclusion Section with teachers and these outline the best interventions for the identified students. The 3 Tiered steps and procedures for identification and support similar for the determined students are followed. Advanced Learning Plans (ALP) for Tier 3 and Group Advanced Plans (GALP) for Tier 2 students within the teacher’s lesson plan are completed. Opportunities are made for students to excel in their giftedness and showcase their talents through internal and external competitions, Science/Math exhibitions and sporting events.

**Table 2: Cognitive Areas of Abilities**

<b>Students with High Verbal Reasoning</b>	<b>Students with Non-verbal Reasoning</b>
Students with high ability to think and reason with words. Students with this capability are predicted to progress well academically.	Students with high ability to think and reason with non-verbal material and have high reasoning processes such as identifying similarities and relationships but using shapes and designs rather than words or numbers.
<b>Students with Quantitative Reasoning</b>	<b>Students with Spatial Ability</b>
Students with high ability to – thinking with numbers	Battery – thinking with shape and space. The Spatial Students with high ability to create and

	retain mental images of precise shapes and objects, and then manipulate these in their minds.
--	---

## NAS INCLUSION TEAM

### 5.1. Organizational Structure

In order to implement the above and assist the students, the school has put in place an Inclusion structure as shown by the below organogram.

### 5.2. Roles of Inclusion Team

**Governor:** The nominated Inclusion Governor’s duties are to hold school leaders accountable for improving the provision and outcomes for students with determination.

**Inclusion Champion:** The inclusion champion oversees the Inclusion Policy Implementation and monitors the impact of the strategic inclusive education improvement plan.

**Inclusion Head & Senior Leaders:** Ensure that all students receive the support and guidance that they need to reach their potential. It is expected that the Inclusion Head leads and monitors the Inclusion team under the guidance of the school’s Inclusion Champion.

#### Inclusion Support Team

The team works in partnership with other stakeholders to form an inclusive education action team.

**Social Counselor:** Is part of the Inclusion support team and works to establish the positive well-being/good mental health for students by ensuring they are happy and have better problem-solving skills and they are more creative.

### Learning Support Assistants & Inclusion Assistants

Support the facilitations of the provisions, accommodations, interventions, modification, and enrichment of learning that is planned and developed by the school's Inclusion Support Team.

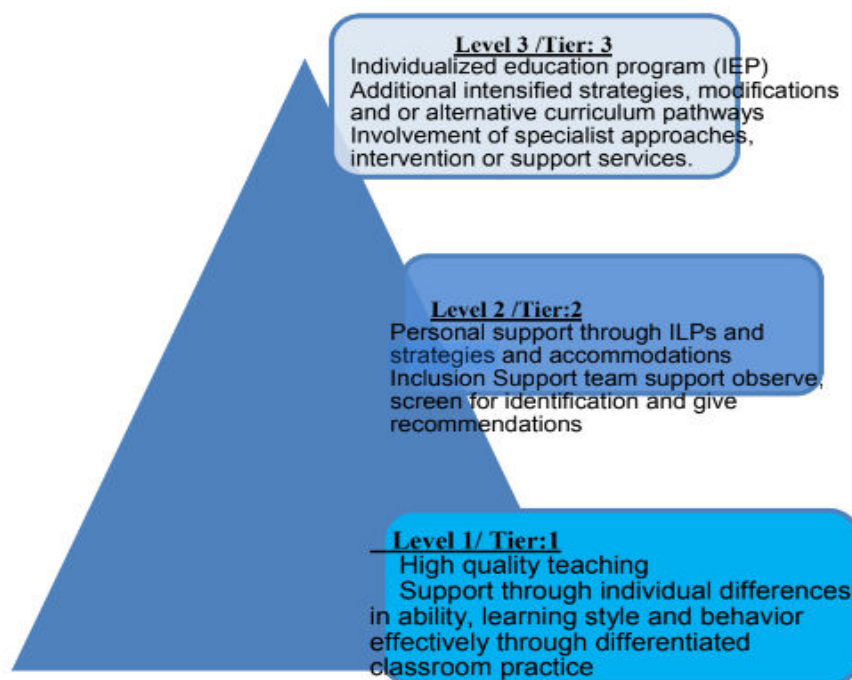

Teachers: All teachers, being teachers of students with determination are expected to ensure that the impact on provision results in student's progress.

**SEE Detailed Roles – Appendix A**

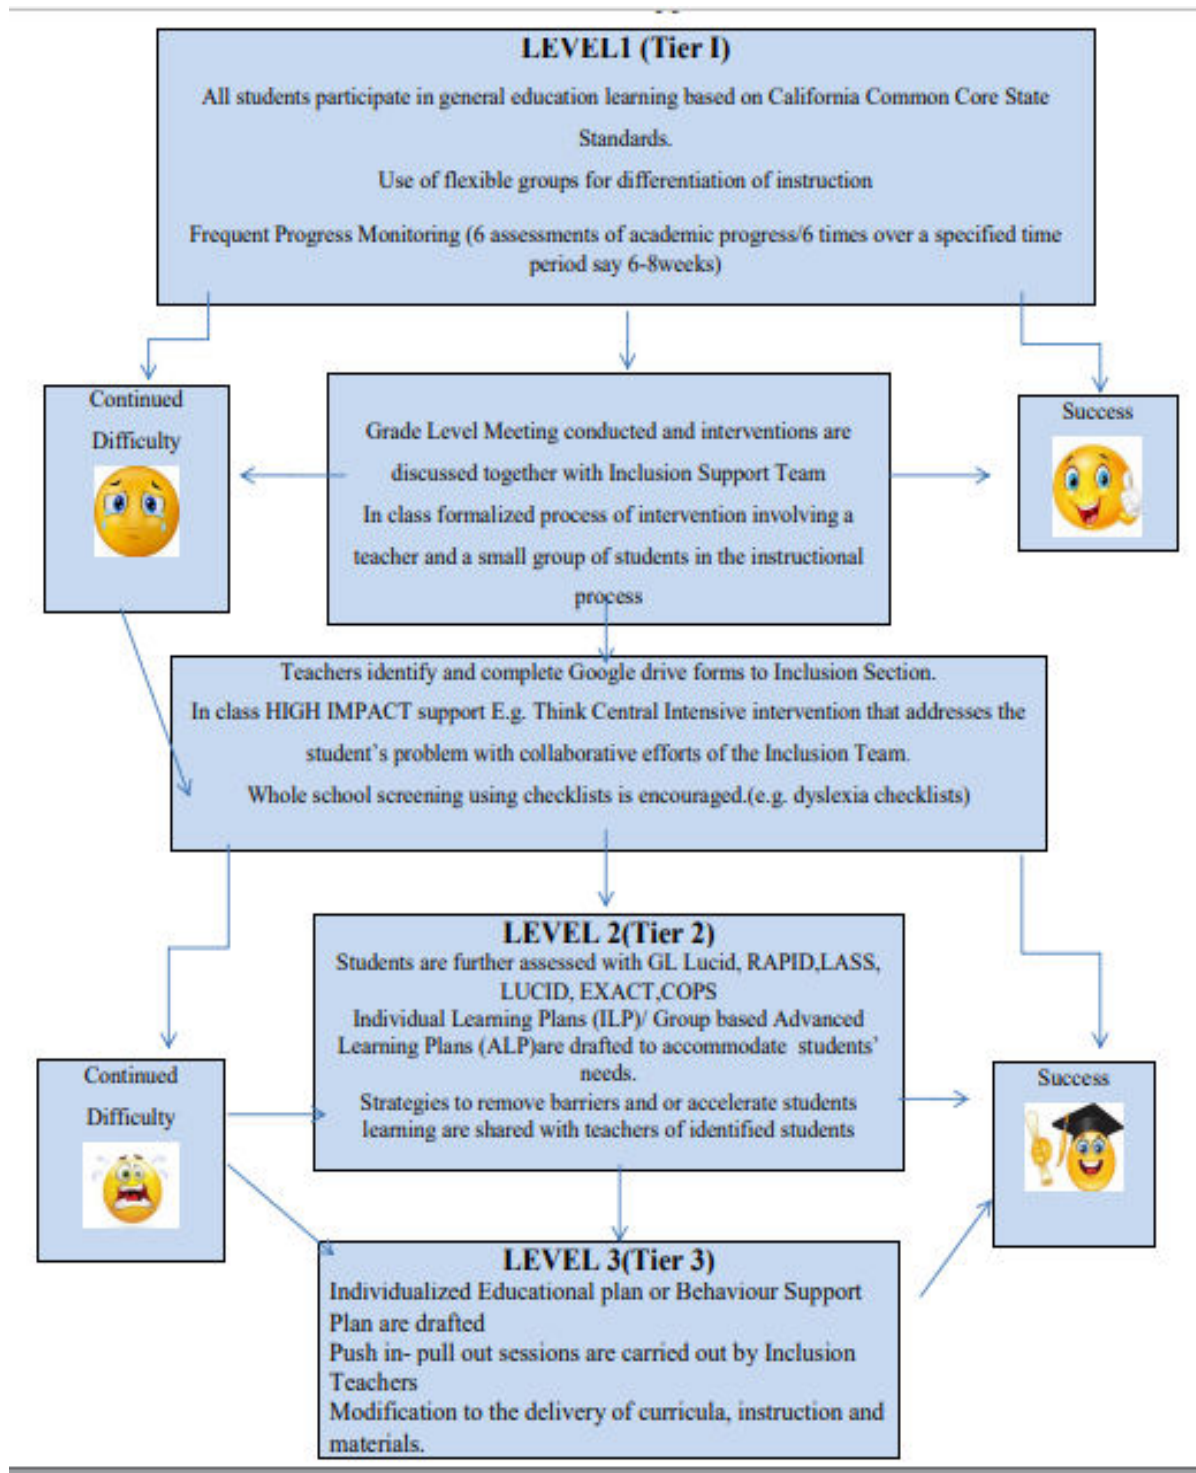

## **6. TIERED SYSTEM OF IDENTIFICATION AND SUPPORT PROCEDURES**

**6.1.** The school has adapted a Response to Intervention (RTI) tiered/leveled system structure to identify and support students. (Refer to Figure 1) As much as possible, NAS strives to meet the needs of most of its students within the classroom. However, for some students, it may be necessary to work in smaller groups outside of their classroom in activities specifically related to their needs. This may be delivered by a class, subject teacher or Inclusion Support team members. The following outlines the specific levels of support at each building level.

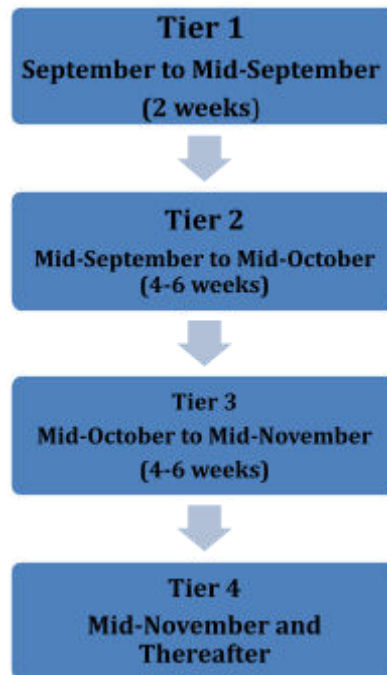

**Fig 1: RTI Levels of Support (Level/Tier 1 to 3)**

## Chart: Identification and Support Tiered Process

**Fig 3: Flow Chart with Procedure TimeLine**

## **6. ASSESSMENT OF STUDENTS**

**6.1.** Students undergo continued formative and summative assessment which will provide information of their individual progress and an evaluation of the learning need. In order to enhance the wellbeing of students with determination and prevent anxiety issues, identified students on the Inclusion Section register may be exempted from exams. However, they will continue to be assessed based on his/her ongoing class assessments i.e., quizzes, homework, projects, group based tasks and other classroom activities as per the standard rubrics. Parents are apprised of the advantages of exempting the students and are requested to sign an Exam Exempt Consent form.

### **6.2. Categories of students eligible for exemption / withdrawal**

- Moderate to severe barriers to learning (moderate or severe intellectual disability)
- Moderate to severe specific barriers with understanding verbal language (moderate to severe receptive language disorder)\_
- Moderate to severe barriers with social interaction, communication and flexibility (autism spectrum disorder level 2 or 3)\_ or
- Moderate to severe emotional and psychological barriers (moderate to severe psycho-emotional disorders).

## 6.2. Inclusion Section Assessment Tools

- Informal behavior observations checklists (Expressive, receptive and language difficulties and the behavioral/emotional/social difficulties checklist.
- The GL Special Education Needs Assessment Toolkit as outlined in the table below used to assess underlying causes of learning difficulties.

Rapid	Screening for dyslexia Age Range 4-14
Lucid Cops	To identify strengths and weaknesses Age Range 4-8
LASS	Visual memory, phonic reading skills, phonological processing, etc. Age Range 8-11, 11-15
EXACT	As above and in addition, exam concession Age Range: 11-24

## 6.3. Exam Access Arrangement

In order to reduce the barriers imposed by the cognitive challenges, students identified by the formal screeners will receive justifiable assessment arrangements as outlined below.

Prompts Instruction and Focus	Modified Papers Subject	Separate Setting/Location/Class	Reader
Opportunity for Oral Responses	Extra Time 25% or Extended Extra Time More than 25%	Word Processor /Calculator	Supervised Breaks
Colored Paper	Enlarged Print	Scriber	Transcript

## 7. STUDENTS' SUPPORT PLANS

### 8.1. Individual Education Program (IEP)

Students on Tier 3 will be placed on an IEP as devised by the Inclusion Head. An IEP is a document which describes the goals that are set for the student during the school year, as well as any special support required to best facilitate their progress and success within the school. The IEP will record only that which is different from or additional to the normal differentiated curriculum. It is important to include the teachers, parents, as well as the student with determination where appropriate, in developing the IEP to best promote students with determination to achieve their full potential. The IEP describes the goals the team sets for a child during the school year, short-term targets, teaching strategies, and date for review, success and/or exit criteria and the outcomes recorded at review.

IEPs will be reviewed per semester and parents will be invited to the review so that they remain actively engaged in what support their child is receiving at school.

### 8.2. Behavior Support Plans

A behavior support plan is a document created to help understand and manage behavior in students who display behavior that others find challenging.

A Behavior Support Plan with a step by step guide is developed after a functional behavior assessment by the social counselor. It will make sure the student not only has a great quality of life but also enables the support person or teacher to identify when they need to intervene to prevent an episode of challenging behavior.

The Behavior Support Plans are based on the results of a functional assessment and use Positive Behavior Support (PBS) approaches. The plan contains a range of strategies which not only focus on the challenging behavior(s) but also include ways to ensure the person has access to things that are important to them.

## 9. ADMISSIONS: STUDENTS OF DETERMINATION

NAS follows the KHDA Inclusive Education admission guidelines in all admissions, especially those with specific additional learning requirements or special educational needs. All new likely students with determination are required to undergo intake testing which are **not conditional to admissions**. Parents are required to inform the school if a child has already been identified with a

need. Based on the results, as well as when considering the interview with parents, the school will then decide on how to adequately support the student to achieve his/her full potential.

### **9.1. Inclusion Section Assessment Tools Used at Admission**

- Informal behavior observations checklists. (Expressive, receptive and language difficulties and the behavioral/emotional/social difficulties checklist)
- Internal SENAT Assessment Toolkits are used in cases when the inclusion team suspects there are strong suspicions of learning challenges after the student is enrolled.

The following outlines the procedures implemented for admissions:

- a) Parents contact the registrar expressing their wish for admission for their child at NAS.
- b) The registrar's office communicates with parents all the necessary documentation required for the student's file (prior school results / school history, medical reports or psychological reports that may be relevant for SOD provision).
- c) After discussions with a relevant Head of Section/Supervisor, the registrar schedules an appointment for intake assessment and testing. Depending on whether the case has a prior indication of potential need, Inclusion Head and the counselor will be informed and observations made.
- d) The Inclusion Head reviews all the documentation and assists with the assessment and provides recommendations for placement. This is important to promote early personal relationships between the Inclusion team and parents and the student prior to their potential start date.
- e) The intake assessment and counselor's recommendation for placement is then reviewed by the relevant phase HODs (Head of Department) and Inclusion Champion.
- f) For an enrolled student and has evidence of behavioral concerns, the counselor is informed by the registrar's office regarding their classroom placement. However, if a student has a specific learning need that can be best accommodated in a specific classroom, the Head of Inclusion and HODs discusses it with the relevant teacher and makes the class recommendation.
- g) Inclusion Head, SENCO, Counselor, teacher, teaching assistant, LSA and HODs confer before the start date of the student in order to discuss any particulars in their file and what specific additional support they may require. If the student may require additional English

Language support they are scheduled for an ELL assessment. During the first few weeks, the student is also assessed regarding their need for additional learning support in Mathematics, Science and Special Arabic / Islamic.

- h) If a student's file includes an IEP or another similar plan from a previous school the Inclusion Head will review the document(s) and implement as many strategies as possible, while developing a new IEP based on the documents provided.

## **9.2. Registration (Exceptional circumstances)**

**In case an enhanced level of provision is required and might need a stated individualized fee, a request will be registered with KHDA through individual service agreement.**

- KHDA is the only source standardizing the service fee.
- The fee will be requested and applied for only if it falls out of standard school provisions.

## **10. RECORD KEEPING**

- Proficient record keeping is paramount to the success of an Inclusion Program. Thus, record keeping at NAS will entail:
  - NAS will ensure that all guidelines on data protection and the preservation of confidentiality are followed.
  - Parents are allowed to access data upon request.
  - Within the school, the Inclusion Head, Inclusion Support Team, SLT, Supervisors and concerned members of staff are provided with information regarding students for collaboration and support purposes.
  - Data may only be shared with external agencies, or in the case of a school transfer, with the permission of the parent.
  - Records are updated regularly, detailing any additional provisions for support and parents are continuously updated.
  - If applicable information is also shared with the school nurse.
  - Inclusion Head, SENCO in collaboration with the class teachers and homeroom teachers are responsible for completing the paperwork required for external agency requests and relevant paperwork in order to monitor students with determination at different stages of development.

## **11. MONITORING STUDENT PROGRESS**

Class teachers are continually aware of students' learning progress. If they observe that a student is making less than expected progress, given their age and individual circumstances, they will appraise the Inclusion Team.

This can be characterized by the progress which:

- Is significantly slower than that of their peers starting from the same baseline
- Fails to match or better the child's previous rate of progress
- Fails to close the attainment gap between the child and their peers.

Progress is the crucial factor in determining the need for additional support and is tracked through the monitoring of ILPs; monthly checks and semester reviews of IEPs by teachers, Inclusion Head, Inclusion team and possibly HOS.

Adequate progress can be evaluated through:

- Observations
- Book audits
- Progress reports
- Standardized testing (including MAP results)
- Specialized screening tools –GL Special Education Needs Assessment (SENAT) Tools
- Meetings with concerned parties to review goals – data talks
- Academic Achievement

## **12. CRITERIA FOR EVALUATING THE SUCCESS OF THE POLICY**

The policy will be evaluated against the Dubai Inclusive Education Framework specific objectives which are given under 'THE INCLUSION AIMS OF THE SCHOOL' at the beginning of this policy and will be measured by:

- The level of awareness of parents regarding the provision of support for their children.
- The overall progress of students within the program through feedback from IEPs, academic progress and observations from all stakeholders
- NEASC and KHDA external evaluation or inspection
- Completion of Individual Education Plan targets

- Through the reduction of support that a student requires, continuing progressing.

### **13. RESOURCES**

Provision is made for resources for students within the classroom. Any requests for additional resources should be made by the Inclusion Head through the Inclusion Champion to the Inclusion Governor. Resources are ordered once per academic year but emergency orders can be made when necessary. The Inclusion Resource Room contains a resource library where staff can access books and other resources to assist in the effective facilitation of Inclusion at NAS

### **14. PARENTAL ENGAGEMENT**

New Academy School firmly believes in developing a strong partnership with parents and that it is only through such a partnership that students with determination and or Gifted and talented will be provided with holistic support in order to be fully assisted in achieving their full potential. Parents possess unique information regarding their children that can assist in identification as well as during the continued provision of support.

Thus, at NAS we strive to:

- Make parents/guardians feel welcome in the school with the knowledge that they and their students are supported. This is enhanced through the school's "open door" policy, offering informal chats as necessary and formal discussion by appointment.
- Have full and open consultation with parents/guardians with their concerns being recorded and acted upon.
- Create opportunities for parents to engage in workshops and coffee mornings covering Inclusion and wellbeing of students' topics.

### **15. PROFESSIONAL DEVELOPMENT AND K-12 COLLABORATION**

All staff are encouraged to attend courses that help them to acquire the skills needed to work with supported students. This may take the form of in-house training or external training as available.

All learning support staff and counselors in all divisions will attend regular meetings in a K-12 Inclusion Committee to review the Inclusion portions of the School Improvement

Plan (SIP) along with sharing information on students as they progress from one division to the next.

## **16. WORKING PARTNERSHIPS WITH EXTERNAL AGENCIES**

NAS recognizes the important contribution that external support services make in assisting to identify, assess, and provide recommendations and support for SOD students. Thus the Inclusion will keep an up to date list of suitable external agencies for student referral in order to improve the provision of quality care and support to both students and parents.

For this reason, whenever considered necessary; students with determination may be referred to:

- Educational psychological services
- Speech therapists
- Physiotherapists
- Occupational therapists
- Hearing impairment services
- Visual impairment services
- School clinic
- Other groups or organizations

## **17. STUDENTS TRANSFERRING TO ANOTHER SCHOOL**

Should an SOD wish to transfer to another school NAS will (with the express permission of the parent/guardian) pass records on to the next placement and engage in verbal liaisons to ensure that a student's transfer is successful. This is critical to ensure that the student continues to receive support enabling them to achieve their full potential.

## **18. COMPLAINTS**

Complaints regarding the provision of support for students of determination will be taken seriously and every effort will be made to resolve the complaint within the school. The Head of Inclusion will discuss any complaint with the member of staff involved and inform the SLT (School Leadership Team). Parents/guardians must be kept informed of the complaint procedure and the follow up of outcomes.

## **18. MONITORING AND REVIEWING THE POLICY**

The effectiveness of the Inclusion policy is monitored and reviewed annually by the Board of Governor. The policy is annually reviewed and evidence is kept regarding satisfactory progress and positive personal development. All staff i.e. is involved in the monitoring of the policy which enables a shared understanding of the key issues and approaches for special needs provision at NAS.

## **19. APPENDIX: NAS INCLUSION SECTION JOB ROLES**

### **1. INCLUSION GOVERNOR**

The Governance Board provides culturally responsible strategic leadership and direction to New Academy School. The governor ensures the school guiding statement is relevant to the community it serves and monitors the success of the school in fulfilling its vision and mission. **(NAS Governance Policy 2018-2019)**

The nominated Inclusion Governor's duties are to hold school leaders accountable for the improving the provision and outcomes for students with determination and will be responsible for the following:

- Monitors and evaluates the Inclusion Policy.
- Assures that financial and manpower resources are adequately allocated for SEND purposes.
- Liaises with the school's Inclusion Champion to promote inclusive ethos.
- Holds regular meetings with the School Inclusion Champion and Inclusion Head which focus on capacity to improve.
- Oversees accountability and staff performance appraisal issues related to SEND.
- Consults the local education authority and the governing bodies of other schools to ensure coordination of Special Educational Provision.
- Attends Inclusion training and raises an awareness of SEND at governing bodies meetings.

### **2. INCLUSION CHAMPION -**

The Inclusion Champion has the key role of promoting inclusive ideas, modeling approaches that support the development of inclusive attitudes and methods as well as **leading cultural**

**transformation** in order to achieve fully inclusive provision. (KHDA Schools Inspection Supplement, 2017)

The inclusion champion oversees the Inclusion Policy Implementation and monitors the impact of the strategic inclusive education improvement plan. (Inclusion Policy 2017 – 2018)

- Works in partnership with the Inclusion Head to develop a School Inclusion Action Team to sensitize and raise awareness of Inclusion issues among all school stakeholders.
- Ensures that the school has a proper identification system to identify students and that all stakeholders are aware of it.
- Adopts a positive inclusive role model behavior and ensures that the school maintains a least restrictive environment for students with determination.
- Ensures that all members of the school adopt a social as opposed to a medical model in its overall approach for students with determination.
- Ensures that the needs of a student with determination are known to all staff members and all teachers who will teach them.

### **3. JOB ROLE: SCHOOL INCLUSION HEAD**

#### **PURPOSE OF JOB:**

*The key task of the school Inclusion Head is to ensure that all students receive the support and guidance that they need to reach their potential. It is expected that the Inclusion Head leads and monitors the LSA under the guidance of the school's Inclusion Champion. The range of responsibilities delegated to the Inclusion Head regarding provision and coordination is outlined below. It is expected that the School Inclusion Head follows legal and statutory requirements concerning the rights and protection of SOD as outlined by the UAE Government Executive Council, 2017. It is imperative that the Inclusion Head fosters UAE Vision 2020 Inclusion agenda as well as the UAE 2021 National Priority on the provisions for students of determination).*

**Directly reports to and supervised by** the Principal (Inclusion Champion).

#### **Specific responsibilities**

- Planning and conducting monthly reviews of Individual Educational Plans (IEP) for included students in collaboration with teachers, parents, HODs, related services personnel, and students.
- Conducting class observations of students on the Inclusion register as well as and those with observation requests/referral from teachers and or parents for identification purposes.
- Conducting internal GL assessments to help with initial identification of students with determination.
- Assisting the teachers to collect and interpret multiple assessment data i.e. from Baseline, Formative and Summative Assessment as well as CAT4 and MAP and, gathered on students with determination and use to inform practice.
- Lead the inclusion support team in the formulation of IEP together with the class teachers and parents and other stakeholders under the guidance of the Inclusion Champion.
- Lead the inclusion support team members in assessing, planning, monitoring and reviewing the child's provision and progress.
- Assisting the Inclusion champion with the identifying the training needs for staff and organizing/conducting/coordinating/Inclusion in-service or external training workshops to be delivered by other professionals.
- Co- conducting training for staff related to sensitization and awareness related to SEND together with the Inclusion champion.
- Ensuring all teachers and all LSAs are working consistently and diligently to ensure the student is getting as much support as possible in and outside of the classroom
- Implementing changes in legislation/practice from government and the Local Authority
- Ensuring individual profiles of students are well documented, updated.
- Documenting Inclusion department meetings and workshops with parents and other relevant stakeholders
- To continue personal development in the relevant areas including subject knowledge and teaching methods.
- Undertaking one on one remedial or specialized direct instruction sessions with students requiring additional support.

- Maintains regular contact with therapists and other members of the child's team in a professional manner

**Secondary responsibilities:**

- Liaise with Counselors and all staff members to ensure that whole school inclusion ethos are promoted by maintaining a social as opposed to a medical model of inclusion.
- Liaising with the Clinic staff to ensure the needs of students on the medical list are met
- Liaising with Inclusion Heads, Inclusion Champions from other schools to share Inclusion best practices
- Updating self with knowledge of UAE educational initiatives which may impact upon Inclusion policy and practice.
- Training teachers.

**4. Social Counselor (Inclusion)**

The key task for the counselor is to establish positive well-being and good mental health for students by ensuring they are happy, have better problem-solving skills and they are more creative. With a better mindset students are better able to see problems more clearly and be more open to new ideas. (**Abdulla Al Karam, KHDA Director, 2016**)

**Directly reports to and supervised by** the Inclusion Head

- Carrying out Specialist Observations e.g. and drafting of Behavior Intervention Support Plans.
- Maintaining documentation such as incident reports, anecdotal notes and meeting records
- Provide short-term personal and crisis counseling
- Provide short-term group counseling
- Report and/or refer to a case when a person's welfare is in jeopardy through Child Protection if need be and making the necessary follow-ups.
- Assist students in developing coping skills and healthy outlets for stress

- Guiding parents to help identify agencies for external psychological evaluation or additional support
- Liaising with external agencies to gain advice and support for students with behavioral/ social and emotional needs.
- Serves as a representative in the Discipline Committee and plays an advisory role in the moral education program and on Child Protection matters.
- Spearheads the school's happiness and wellbeing agendas.
- Contributes to the Social and emotional component in the construction of the IEP
- Liaising with the clinic to determine potential concerns of students and staff with regards to medical and behavioral
- Facilitating and conducting sensitization and awareness training for staff
- Providing confidential counseling as well as coaching and mentoring to all stakeholders.

#### **5. Learning Support Assistant (LSA)(Inclusion Assistant)**

##### **PURPOSE OF JOB:**

*The role of the LSA is to support the implementation of the provisions, accommodations, interventions, modification, and enrichment of learning that is planned and developed by the school's inclusion team. LSAs ensure that an inclusive learning environment is created for students with difficulties, requiring additional or intensive support by reducing the barriers to their learning and ensuring a least restrictive environment is maintained.*

**DIRECTLY REPORTS TO AND SUPERVISED BY** Inclusion Head

##### **Roles and Responsibilities**

To assist the learner/s individually and/or in groups inside the classroom, as well as provide support outside of class as part of a student's planned provision.

- Assist the teachers with initial identification of students with determination and with the administering of internal individual GL assessments
